Key Areas of Focus:

Executive Thought Leadership (Highest Priority)

- ***Positioning Boardroom CEO and co-founder Rich Kleiman as one of the most influential voices at the intersection of business, media, sports, and entertainment through long-form profiles, executive interviews, broadcast opportunities, speaking engagements, strategic visibility, and relationship building.***
 - particularly beyond the sports world with a focus on:
 - In-depth profile pitches and high-impact features
 - Broadcast media and A-list speaking engagement opportunities
 - Event invites and red carpet management for marquee moments in the calendar year (i.e., NYFW, Oscars, Grammys, etc)

The goal: Thoughtfully position Rich as a highly visible, culturally relevant executive and operator whose presence naturally intersects with influential leaders, creators, founders, athletes, entertainers, and global brands.

- Generate consistent earned media and cultural relevance
- Become a recognizable figure within elite rooms and moments
- Create perception of influence, connectivity, and cultural proximity

Corporate Comms & Brand Visibility:

- Speaking engagement pitching and visibility strategy for the rest of Boardroom's executive team
- Identify outlets and narratives and secure high-impact features that continue to tell the story of the evolution of Boardroom as a leader in the next era of media, leveraging our network/access, refined editorial voice and perspective, and new lines of business (Boardroom Members Club, print magazine, etc) as talking points that position us as unique in the marketplace.
- Press strategy, messaging, exclusives, and outreach around select Boardroom strategic initiatives
